SHARYAN ALHAYAT
— ECONOMIC GROUP —

FOUNDER'S MESSAGE

Every successful business begins with an idea,
but only values transform that idea into a lasting legacy.

When I began my professional journey more than a decade ago,
my objective was never simply to build a company.
My ambition was to build trusted relationships, create opportunities
across industries, and contribute to sustainable economic growth
through responsible business practices.

Throughout my career, I have had the privilege of working across
the pharmaceutical, healthcare, international trade, logistics, food,
and energy sectors. These experiences have strengthened my belief
that integrity, commitment, and continuous improvement are the
true foundations of long-term success.

SHARYAN ALHAYAT ECONOMIC GROUP was founded to reflect
these principles. More than a business, it represents a long-term
vision to connect markets, create value, and establish strategic
partnerships that generate sustainable growth for our partners,
our communities, and future generations.

As we continue our journey, we remain committed to quality,
transparency, innovation, and excellence in everything we do.
I sincerely thank our partners, clients, and colleagues for their
trust and confidence. Together, we will continue building a
stronger and more sustainable future.

Mahmoud Al Khatib
